

# Photonics in Defense and Security

Thursday, October 26, 2023 | Bayview Yards, Ottawa, ON

In collaboration with Defence Research and Development Canada (DRDC), the Science and technology organization of the Department of National Defence (DND), Photons Canada is hosting a one-day symposium on Photonics in Defence and Security aimed at exploring and promoting photonic technology to contribute and enhance the Canadian national defense and security. This will be an excellent opportunity for Canadian technology companies to showcase their technology roadmap and product capabilities.

This invitation-only event will be held on **October 26, 2023, from 8:30 a.m. to 3:00 p.m. at Bayview Yards, 7 Bayview Station Rd, Ottawa.** Expected government attendees include personnel from DND and employees from various other federal government departments such as Canadian Coast Guard, Royal Canadian Mounted Police, Canadian Space Agency and Innovation, Science and Economic Development Canada. The format will include keynote presentations, technology and industry insights, a panel discussion, and multiple networking opportunities.

## Exclusive Visibility

Access a special audience, including Canadian Armed Forces officers and influential industry partners.

## Unique Networking Opportunity

Interact with potential clients, partners, policy makers and other business leaders.

## Foster National Growth

Directly contribute to the discussions on growing and enhancing the Canadian photonics industry.
